Mentor Match Up Program Profile Form

Potential mentors will participate in a screening session involving a one on one interview. Three references are also required. Additional screening allows us to determine your stability and ability to relate to a young girl and a sincere desire to become a mentor. Contents of your in person interview are kept confidential in The Sister Power Organization Files. This interview helps The Sister Power Organization make a best effort at matching mentors with mentees. Mentors are expected to make a commitment for the entire school year. Should the mentor have to miss an engagement, you are expected to contact the Program Coordinator. Girls can choose to return with the same or different mentor (if they remain mentors) the following year.
